- 15) International Society of Surgery (ISS), “The Rene Leriche Prize” 1999
- 16) ISES – International Society of Endovascular Specialists, “2000 Honor Award for Excellence in Endovascular Surgery” 2000
- 17) Sociedad Brasileira de Angióloga y Cirugía Vascular, “Paulo Samuel Santos Award”, First Prize. 2001
- 18) Fourth International Society of Endovascular Therapies Innovator Award 2005
- 19) Medal for Innovation. Society for Vascular Surgery, USA 2006
- 20) Chapter dedicated to my development of Endovascular Treatment of Aneurysms in “100 years of Surgical Quality Improvements” of The American College of Surgery 2013
- 20) **Cleveland Clinic Alumni Association Board of Directors as the 2015 recipient of the Special Achievement Award. 2015**
- 21) “For Distinguished Service to Surgery” American Surgical Association 2017**

***Inventions:***

- 1) Endovascular Treatment of Aortic Aneurysms, Aortic Dissection and Vascular Trauma. First successful treatment of an aortic aneurysm in the world, September of 1990. In April of 2018 case number one million in the world was reported. Endovascular Treatment of Aneurysms, Dissections and Aortic Transections has replace open surgery in the great majority of cases in the world. Morbidity and Mortality has decreased significantly, lenght of stay and recovery time decreased significantly. Peripheral endografts currently used in peripheral aneurysms, arterio-venous fistula, vascular trauma and occlusive disease.**

- 2) ***Endosutures, developed in 2001. Currently used as Aptus endosutures***
- 3) ***Flow reversal as cerebral protection device. First published in the year 2000 in the Journal of Vascular Surgery. Currently in use as TICAR. It is considered the best cerebral protection device during carotid stenting by several well controlled studies.***
- 4) ***Endovascular septotomy to treat aortic dissections. Currently in clinical trials***
- 5) ***Reversal of Lower Extremities ischemia by hydration. It is having a significant impact in the treatment of elderly population. Initial trial published and presented.***

145. Endoluminal Treatment of Aortic Aneurysms. V Jornadas de Cirujanos Cardiovasculares. Hotel Panamericano. Bariloche, Argentina - August 29-31, 1996.
146. Use of Transluminal Placed Grafts in Abdominal Aortic Aneurysms and Vascular Trauma - Speaker. International Congress of Phlebology. Corfu, Greece. September 4-8, 1996.
147. Problems and Methods in Imaging and Measurements for Endovascular Surgery - Speaker. 10<sup>th</sup> Annual Meeting of the European Society for Vascular Surgery. Satellite Symposium on “Advancements in Endovascular Treatment of Late Stage Vascular Disease”. Venice, Italy - September 12-15, 1996.
148. Carotid Artery Surgery, Technique, Difficulties and Future – Lecture. Abdominal Aortic Aneurysms, Advances – Lecture. Abdominal Aorta - Panel Discussion: Panelist XXIII Congreso de Argentino de Cardiología - Stroke 96. VI Simposium de Cardiología Intervencionista. Sociedad Argentina de Cardiología. Buenos Aires, Argentina - September 28 - October 2, 1996.
149. -What would you do if this happened to you? Panel Discussion: Panelist. Endovascular Stent-Grafts - AAA & Thoracic Disease. Moderator. Live Demonstration. Tibioperoneal Occlusive Disease. Panel Discussion: Panelist. Advanced Peripheral Vascular Intervention. Lower Extremity-Thrombolysis & Acute Limb Ischemia. Panel Discussion: Panelist. Milwaukee, USA - October 1-4, 1996.
150. Aortic Stent-Grafts: An Overview. Lecture. Mayo Clinic Vascular Symposium 1996. Advances and Controversies in the Multidisciplinary Management of Vascular Disease. Rochester, Minnesota, USA - October 3-5, 1996.
151. Epidemiology, Physiopathology and Management Facing Carotid Restenosis. Speaker. Sociedad Argentina de Cardiología. Consejo de Enfermedades Encefalo Vasculares – Stroke. Curso de Ultrasonografía de Stroke. Buenos Aires, Argentina - October 10, 1996.
152. Endovascular Surgery - Update - Lecture. XX Interamerican Medical-Dental Congress 1996. Spanish American Medical Society of New York. New York, USA - October 12-14, 1996.

153. Endovascular revascularization - Lecture. New Directions in Endovascular Therapeutics – Commentator. Endovascular approach. 67° Congreso Argentino de Cirugía. 40° Congreso Argentino de Cirugía Torácica. 24° Jornadas Argentinas de Angiología y Cirugía. Buenos Aires, Argentina - October 28 - November 1, 1996.
154. Present Clinical Use of Endovascular Prostheses. Lecture. XXII Curso Internacional - Hospital Universitari de Bellvitge. Standards and Cost-Benefit of Vascular Surgery in the 90's. Barcelona, Spain - November 7-9, 1996.
155. Carotid Endarterectomy: A View From a Surgeon Who Performs Endovascular Procedures - How Can We Further Improve Our Results? Lecture. Treatment of Extracranial Bifurcation Carotid Artery Disease. New Orleans, USA - November 10, 1996.
156. Six Year Results with Endovascular Repair of AAA: Problems Encountered and How to Solve Them. Lecture. Twenty-third Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery. New York, USA - November 21-24, 1996.
157. Aortic endoluminal stent graft – Lecture. Aorto-iliac Aneurysms - Panelist XXIII Congreso del Capítulo Latinoamericano de la Sociedad Internacional de Cirugía Cardio-Vascular. 1° Congreso Uruguayo de Cirugía Cardíaca. VI Congreso Uruguayo de Angiología y Cirugía Vascular. Punta del Este, Uruguay - November 24-27, 1996.
158. Lessons learned in six years of endovascular treatment of AAA – Lecture. Laboratory teaching sessions: Practical Demonstrations. Harvard Medical School Progress in Angioscopy 1996: Endovascular Surgery and Interventional Techniques. Boston, USA - December 2-4, 1996.
159. Stent-Graft Applications - An Overview – Lecture. Panel Discussion - Panelist Vascular Surgery: Twenty Years of Progress Symposium. Chicago, USA - December 12-14, 1996.
160. Stent-Grafts for Aneurysms: Techniques and Long-term Results – Lecture. Ninth International Symposium on Vascular Diagnosis and Intervention. Miami, USA - January 27-30, 1997.
161. Breaking Barriers in Aortic Aneurysm Exclusion – Moderator. Imaging and Maneuvers to Facilitate a Successful Endovascular Treatment of Aneurysms - Lecture International Congress X on Endovascular Interventions. Scottsdale, Arizona, USA - February 9-13, 1997.
162. Long Term Results of Endovascular Treatment of AV-Fistulas and AAA. XXXI Congress of the College de Pathologie Vasculaire. Societe de Chirurgie de langue francaise. Paris, France - March 19-21, 1997.
163. The Fate of Endovascular Grafts - Main Lecture. 3° Congresso Nazionale Societa' Italiana di Chirurgia Endovascolare. Milano, Italy - April 13-15, 1997.
164. - Concept of the Endovascular Aortic Treatment – Lecture. The Parodi-Palmaz stent-graft implantation - Video Presentation. -The Pa<sup>rodi</sup> Stent-graft: Clinical Experience, Results and

- Complications – Lecture. Symposium sobre Terapeutica Endovascular. Endoluminal Treatment of Abdominal Aortic Aneurysms. San Sebastián, Spain - April 18-19, 1997.
165. Endovascular Surgery of the Aorta and Supra-Aortic Trunks: Materials – Lecture. Surgery Towards the 3<sup>rd</sup> Millennium in a Europe Without Frontiers: Compared Experiences. Budapest, Hungary - April 24-25, 1997.
166. Peripheral Embolization - Lecture. Endovascular Surgery Workshop SVS/NA-ISCVS Joint Vascular Meeting and Endovascular Surgery Workshop. Boston, USA - June 1-4, 1997.
167. Endovascular Treatment of Abdominal Aortic Aneurysm – Lecture. Fifth Annual Inter-American Symposium. Miami, USA - June 10-13, 1997.
168. Use of Transluminal Placed Endovascular Grafts in Abdominal Aortic Aneurysms and Vascular Trauma – Lecture SCV – Societe de Chirurgie Vasculaire de Langue Francaise. XII Congres Annuel. Nice, France – June 11-14, 1997.
169. Present management of peripheral vascular disease – Lecture. Symposium on “Present Management of Peripheral Vascular Disease”. Sintyal-Otsuka Pharmaceutical – Chairman. Buenos Aires, Argentina – June 24-26, 1997.
170. Use of Stent-Graft in Arterial Pathologies – An Overview after Revision of 147 Clinical Cases – Lecture. Live Case Demonstrations in Haifa. 2<sup>nd</sup> International Meeting on Interventional Cardiology. Jerusalem, Israel – June 30 – July 3, 1997.
171. Non-coronary Angioplasties – Moderator. Non-coronary Angioplasties – Panelist. Live Demonstration: Stent-Graft to Exclude an Abdominal Aortic Aneurysm. SOLACI '97 – II Meeting of the Latin American Society for Interventional Cardiology and VII International Symposium of the Argentine College of Interventional Cardiologist. Buenos Aires, Argentina – July 30 – August 2, 1997.
172. Endovascular grafts: Indications and Complications – Lecture. Endovascular Surgery in Arterial Injury – Lecture. Endovascular Surgery in Carotid Artery and Supra-Aortic Trunks – Lecture. I Simposio de Angiorradiologia e Cirurgia Endovascular de Sao Paulo. Sao Paulo, Brazil – August 29, 1997.
173. Endoluminal Surgery – Lecture. New Trends in Vascular Pathology – Lecture VI Encuentro de Cirujanos Cardiovasculares. XIII Encuentro de Perfusionistas. Mendoza, Argentina – August 28-31, 1997.
174. Stroke Chapter - Panel Coordinator. IV Congreso Argentino de Neurorradiologia. Buenos Aires, Argentina – September 9-11, 1997.
175. Stent-graft Applications: An Overview – Lecture. 20 Years of PTCA – Back to the cradle. Zürich, Switzerland – September 15-17, 1997.
176. Evolution and Current Results of Endovascular Aneurysm Repair - Distinguished Lecture New England Society for Vascular Surgery. Twenty-fourth Annual Meeting. Lake George, New York – USA; September 18-19, 1997.

177. Use of Stented Grafts in Vascular Trauma – Lecture. Endoluminal Grafts: The Buenos Aires Experience – Lecture. Interventions in Peripheral Vascular Disease. St. Louis, USA – September 20-21, 1997.
178. Aortic Aneurysms – Lecture. 23<sup>rd</sup> World Congress. The International Society for Cardiovascular Surgery. London, England – September 21-26, 1997.
179. Aortic Aneurysms and Stent-Grafts: Historical Perspectives and Concepts Underlying the Use of Stent-Grafts for Abdominal Aortic Aneurysms – Lecture. Peripheral Intervention II: Aortic Lesions, Renovascular Disease, and Stent – Grafts - Event Moderator. Live Case Demonstration – Case Moderator TCT – Transcatheter Cardiovascular Therapeutics. Washington, USA – September 24-28, 1997.
180. Carotid Occlusion – Lecture. Reunión Anual Neurooftalmológica '97. Buenos Aires, Argentina – October 4, 1997.
181. Present state, Indications and Current Results of Endovascular Aneurysm Repair – Lecture. VI Convención de Cirujanos Vasculares de Habla Hispana. Santiago de Chile, Chile – October 11-13, 1997.
182. Carotid Endarterectomy – Lecture. Present Treatment of the Aortic Disease – Round Table. XXIV Congreso Interdisciplinario sobre Enfermedades Encefalo-Vasculares Sociedad Argentina de Cardiología - Consejo de Stroke. Buenos Aires, Argentina, October 19-22, 1997.
183. How to Improve Results in Carotid Surgery – Lecture. Results and Techniques in Endovascular Treatment of AAA. Jornadas de Cirugía Vascular. Córdoba, Argentina, November 7-8, 1997.
184. Improved Management of Acute Neurological Deficits After Carotid Endarterectomy: The Importance of Intracranial Clot and What to do about It. New Lessons learned from Seven-Year Experience with Endovascular AAA Repairs: Which AAAs should be Treated Endovascularly and Which Should Not. 24<sup>th</sup> Annual Symposium on Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery. New York, USA, November 20-23, 1997.
185. Different Outcomes After Endovascular Treatment Of Small, Medium and Large Aneurysms: 7-Year Experience. Lecture. Long Term Follow Up of Endografts for Trauma. Tenth Annual International Symposium on Vascular Diagnosis and Intervention. Miami, USA, January 11-15, 1998.
186. If I Could Design the Perfect Stent Graft! Lecture. International Andreas Gruentzig Society Meeting. Chairman. Punta del Este, Uruguay. January 18-22, 1998.
187. Different Outcomes After Endovascular Treatment of Small, Medium and Large Aneurysms: 7-Year Experience. Lecture. Principles and Techniques in Endovascular Interventions: A Training Course with Hands-on Instruction. Demonstrator. 11<sup>th</sup> Annual International Congress – Endovascular Interventions. Scottsdale, Arizona, February 8-12, 1998.

188. New Techniques in Carotid Endarterectomy. III Jornadas Anuales de Controversias en Patología Vascular Cerebral. Buenos Aires, Argentina, April 2-3, 1998.
189. Should Size of Aneurysm Determine Procedure Type for Endovascular Stent Grafting for Aortic Aneurysm? Lecture. 20<sup>th</sup> Charring Cross International Symposium. Indications in Vascular and Endovascular Surgery. London, England, April 20-21, 1998.
190. Interventional Treatment of Abdominal Aortic Aneurysms: State of the Art and the Future. Lecture. Live Case Demonstration. Endovascular Therapy Course, Coronary and Peripheral. ETC 1998. Paris, France, May 5-8, 1998.
191. Where Next With Endovascular Repair for AAA. Lecture. Should ruptured aneurysms be treated by endovascular repair? Lecture. Live Case Demonstration. Debate: All Endovascular Stents will Ultimately Fall Out, Prof. Bell (for), Prof. JC Parodi (against). Chairperson Session AAA. Practical Endovascular Techniques II. Leicester, UK, May 18-20, 1998.
192. Endovascular Grafting Lab Sessions. 3<sup>rd</sup> Annual Endovascular Workshop. Faculty. Joint Vascular Meeting – NA-ISCVS North American Chapter of the International Society for Cardiovascular Surgery. 46<sup>th</sup> Scientific Meeting – SVS The Society for Vascular Surgery. 52<sup>nd</sup> Annual Meeting. San Diego, USA, June 7-12, 1998.
193. New Trends in the Treatment of Vascular Obstructive and Aneurismatic Disease. Vascular Trauma including Images, Diagnosis and Treatment. Lecture. Analysis of the Morphology and Atherosclerotic Plaques of the Carotid Artery. Lecture. SOLACI '98. II Jornadas de la Sociedad Latinoamericana de Cardiología Intervencionista. Montevideo, Uruguay, July 29-August 1, 1998.
194. Live Case Demonstration. AAA Workshop. La Plata, Argentina, August 3-5, 1998.
195. Endovascular Procedures. Lecture. Curso sobre intervenciones por cateterismo en el tratamiento de las Enfermedades Vasculares y Cardíacas. Organized by the Cardiovascular Service of the Sanatorio Allende. Córdoba, Argentina, August 14-15, 1998.
196. Abdominal Aortic Aneurysms. Endovascular Treatment. Lecture. Congreso de Cirugía de Córdoba. Society for Cardiac and Vascular Surgery. Córdoba, Argentina, August 28, 1998.
197. Endovascular Treatment of Abdominal Aortic Aneurysms. Lecture. Endovascular Procedure. Live Case Demonstration. VII Encuentro de Cirujanos Cardiovasculares. Encuentro Hispano Luso-Americano de Cirujanos Cardiovasculares. XIV Encuentro de Perfusionistas. Mar del Plata, Argentina, September 3-6, 1998.
198. Stent-Graft Prosthesis. Event Moderator. Historical Perspectives and Personal Experiences Underlying the Development of a Safe and Effective Endoluminal Stent-Graft Prosthesis for the Treatment of Abdominal Aortic Aneurysms. Lecturer. Panel Discussion. Endoluminal AAA Stent-Grafts, Where are we Now and Where Are We Going! Discussant. TCT – Transcatheter Cardiovascular Therapeutics. Tenth Annual Symposium. Washington D.C., USA., October 6-11, 1998.

199. Which is the Best Endoprosthesis. Lecture. 69° Congreso Argentino de Cirugía. 42° Congreso Argentino de Cirugía Torácica. 9° Congreso Argentino de Angiología y Cirugía Cardiovascular. Buenos Aires, Argentina, October 12-16, 1998.
200. Special Lecture: Aortic Aneurysms Session. Un viaje al nuevo milenio. Curso Pre-Congreso, Instituto Cardiovascular de Buenos Aires – The William Beaumont Hospital. Buenos Aires, Argentina, October 17, 1998.
201. Carotid Revascularization in non-coronary territories. The Vision of the Surgeon. Lecturer. XXV Congreso Argentino de Cardiología. VIII Simposium de Cardiología Intervencionista. Buenos Aires, Argentina, October 18, 1998.
202. The Evolution of Endovascular Treatment for Aortic Aneurysms. Moderator. The Principles and Practice of Peripheral and Carotid Intervention. Cleveland, Ohio, October 18-20, 1998.
203. Ninth Annual Conrad Jobst Lecturer: Endovascular Aortic Aneurysm Repair: Its History and Its Future. The University of Michigan Department of Surgery Section of Vascular Surgery and The Jobst Vascular Center at The Toledo Hospital. Toledo, Ohio, October 30, 1998.
204. Endoluminal AAA Repair: State of the Art. Lecture. 1998 Endovascular Program. Baltimore Endovascular Summit. Baltimore, USA, October 31, 1998.
205. The Evolution of Endovascular Surgery and Its Future. Honored Guest Presentation. 5<sup>th</sup> Pan American Congress on Vascular & Endovascular Surgery. The Next Millennium. Honorary Chairman. Rio de Janeiro, Brazil, November 4-7, 1998.
206. Early Experience With an Endostapling Device and Other New Developments for Endovascular Graft Repair of AAA's. Lecture. Developments in Endovascular AAA Treatment Options. Moderator. Endovascular AAA Stent Grafts: Technology, Training and Proper Patient Selection. Lecture. Endovascular Graft Treatment of Aortic and Aortoiliac Aneurysms. Moderator. 25<sup>th</sup> Current Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery. New York, USA., November 19-22, 1998.
207. Abdominal Aortic Stent Grafts. To Whom? How? Tips and Tricks. Lecturer. Stent Grafts in Abdominal Aorta. Round Table: Coordinator. 8vo. Simposio Internacional de Cardiología Intervencionista. Los Cocos, Córdoba, Argentina, December 3-5, 1998.
208. Transfemoral Endoluminal Repair of Aneurysms: What Have we Learnt in the First 8 Years? Lecture. An Endostapling Device and Other New Concepts for Endovascular Graft Repair of AAA. Lecture. International Endovascular Symposium '98. Sydney, Australia, December 13-15, 1998.
209. The Future of Endoluminal Correction of Aneurysms: What are the next steps? Opening Lecture. A Cirurgia Vascular do proximo seculo. Sao Paulo, Brazil, March 19-20, 1999.

210. New Advances in Endovascular Surgery: Guest Speaker Series. Lenox Hill Hospital, Department of Surger,. New York, April 28, 1999.
211. Interventional Treatment of the Arterial Pathology. Coordinator, Round Table. Curso de Intervencionismo Guiado por Imágenes de la División de Cirugía Gastroenterológica, Sección de Cirugía Percutánea del Hospital de Clínicas “José de San Martín” y del Servicio de Intervencionismo Guiado por Imágenes del Instituto Quirúrgico del Callao. Buenos Aires, Argentina, May 12, 1999.
212. Ten Years of Endovascular Treatment of AAA: What Have We Learned? Lecture. Live Case Demonstration in Nancy. TV Show, Co-Chairman. Endovascular Therapy Course. ETC 99. Paris, France, May 18-21, 1999.
213. Endovascular Treatment vs. Conventional Surgery in AAA. Lecture. Advances in Vascular Surgery. Lecture. XVIII Congreso Nacional de Cardiología. VI Meeting of the International Society for Heart Research. Latin American Section. Buenos Aires, Argentina, May 22-25, 1999.
214. SVS/NA-ISCVS. The Society for Vascular Surgery. 53<sup>rd</sup> Annual Meeting. Endovascular Grafting. Washington D.C., USA., June 9-11,1999.
215. V° Congresso Nazionale della Societa Italiana di Chirurgia Endovascolare. European Summer Symposium. Carotid protection devices using filters. Lecturer. Aortic Aneurysms Endoluminal Graft Repair: The Day After. Chairman. Sienna, Italy, June 21-24, 1999.
216. International Congress. Towards a New Partnership With Eastern European Countries. Societa Italiana di Chirurgia. Endovascular Surgery. The Critical Point. Lecture. Verona, Italy, June 24-26, 1999.
217. III CONGRESO SOLACI. Peripheral Interventions. Moderator. Abdominal Aortic Aneurysms. Moderator. Panel Discussion “Stents in peripheral and coronary vascular disease”. Santiago de Chile, Chile, August 4-6, 1999.
218. 1er Congreso Latinoamericano de Cirugía Endovascular. Member of the Organizing Committee. Speaker at the Official Opening Ceremony. “Anatomical requirements for the endovascular treatment of AAA. How do we measure an aneurysm? Lecture. “Parodi and Vanguard Device. Results”. Lecture. Buenos Aires, Argentina, August 13-14, 1999.
219. XVII Interamerican Congress of Cardiology. XXVI Congreso Argentino de Cardiología. “Endovascular Treatment of Abdominal Aortic Aneurysms”. Lecture. “Should the carotid asymptomatic disease be treated surgically?. Discussion. Buenos Aires, Argentina, August 22-25, 1999.
220. SOLACI SAT. “Carotid Disease: Towards interventional and less invasive strategies”. Panelist. Buenos Aires, Argentina, August 24, 1999.

221. VIII Encuentro de Cirujanos Cardiovasculares. XV Encuentro de Perfusionistas. “Comparative Study in the Treatment of AAA. Conventional vs. Endoluminal Surgery”, “Cerebral Protection Device in Carotid Angioplasty. Initial Experience”. Paper Presentation. Tucuman, Argentina, September 2-5, 1999.
222. TCT – Transcatheter Cardiovascular Therapeutics. The eleventh Annual Symposium. “The Development of Aortic Stent-Graft Prostheses: Historical Perspectives and Personal Experiences”. Lecture. Washington DC, USA., September 22-26, 1999.
223. VII Convención Cirujanos Vasculares de Habla Hispana. “How to design the ideal endoprosthesis” Lecture. Santiago de Compostela, Spain, October 11-13, 1999.
224. Simposio Internacional “Cardiología 2000” – La Cardiología del 2000. Cerebral Protection. Personal experience with a new system. Lecture. Endoprosthesis. Complications. Córdoba, Argentina, October 20-21, 1999.
225. II Simposium Internacional sobre Terapéutica Endovascular: Tratamiento endoluminal de los aneurismas de aorta. “Endoluminal Treatment of the Aortic Aneurysm. Where we are and what we know” Main conference. “Endosuture. New Systems”. San Sebastián, Spain. November 5-6, 1999.
226. The Global Event in Vascular Disease Intervention. 26<sup>th</sup> Critical Problems, New Horizons and Techniques in Vascular and Endovascular Surgery. Montefiore Medical Center. Do Endovascular Grafts placed for AAA’s heal to the aorta and what can be done to maintain graft fixation. Lecture. Vanguard Global Clinical Update. Lecture. An Alternative Effective Method for Preventing Emboli during Carotid Stenting. Lecture. More Topics of Interest to all Vascular Specialist. Moderator. Breakfast Program A: Endovascular AAA Treatment Options. Moderator. Endovascular Graft Treatment of aortic and aortoiliac aneurysms. Moderator. Breakfast Program B: Percutaneous Cerebral Protection Device for Carotid Stenting. Moderator. New York, N.Y., November 18-21, 1999.
227. Ateneo de Cardiología y cirugía Cardiovascular. Chairman. New alternatives for the Treatment of Abdominal Aortic Aneurysms in high risk patients. Lecture. Buenos Aires, Argentina, December 2, 1999.
228. Simposio Cirugía Minimamente Invasiva al Final del Milenio. Endovascular Surgery of the Aneurysms. Lecture. Buenos Aires, Argentina, December 3-4, 1999.
229. 10 Congreso Argentino de Cirugía. Present indications for the use of stent graft in endovascular procedures. Lecture. Buenos Aires, Argentina, December 6-10, 1999.
230. Twelfth Annual International Symposium on Endovascular Therapy, ISET 2000. Cerebral Protection: Initial Experience with Three Different Devices. Lecture. Vanguard Device: Clinical Experience with 93 Consecutive “High Risk” Patients. Lecture. Miami Beach, Florida, USA., January 23-27, 2000.
231. 13<sup>th</sup> Annual International Congress on Endovascular Interventions 2000. Moderator during Session II: Special Techniques in Endoluminal Grafting. A Unique Concept of Cerebral Protection During Carotid Stenting. Lecture. The Phoenician. Scottsdale, Arizona, USA., February 13-17, 2000.

232. Endografts 2000 and Beyond. What we do not yet know. Keynoter topic: “Future Technology and what’s needed next”. The Cloister, Sea Island, Georgia USA,. March 4-8, 2000.
233. 49<sup>th</sup> Annual Scientific Session of the American College of Cardiology. “Stents and Stent-Grafts: Technique, Results, and Complications”. Co-Chair. “Abdominal Aortic Grafts”. Lecture. Anaheim, California, USA., March 12-15, 2000.
234. 28<sup>th</sup> Annual Meeting of the Society for Clinical Vascular Surgery. “Controversies in Aortic Endoluminal Grafting”. Co-Moderator. “ Distinguished Visiting Professor. Lecture: “Endovascular Repair on Aortic Aneurysms in the 21<sup>st</sup> Century”. Rancho Mirage, California- USA., March 15-19,2000.
235. Annual Congress of the German Society of Vascular Surgery. “Vascular Surgery 2000 – Change and Perspectives”. Lecture. Nürnberg, Germany, April 5-9, 2000.
236. GET 2000. – Global Endovascular Therapy. International Peripheral Course. Live Case Demonstrations. Co-Chairman of the Session “Abdominal and Thoracic Aneurysms“, “What to do to have zero early and late endoleaks in endovascular grafting for AAA” Lecture. “Controversy: Identification of High Risk Carotid Plaque is of Prime Importance for Carotid Stenting (Against) ” Speaker “ Ten Years Overview of Endovascular Grafting” Lecture. The New Protecting Device”, Lecture. Monaco, May 17-20, 2000.
237. 54<sup>th</sup> Annual Meeting of The Society of Vascular Surgery - 48<sup>TH</sup> Scientific Meeting of the North American Chapter of the International Society for Cardiovascular Surgery. – “The training of endovascular surgeons: An international perspective”. Conference given at the E.Stanley Crawford Critical Issues Program. Toronto, Canada. June 11-14, 2000.
238. Global Endovascular Complications: A Multidisciplinary Peer Review Seminar. Case Presentations. Discussions. Jackson Hole, Wyoming. July 12-15, 2000.
239. XXII Annual Congress of the European Society of Cardiology. “Comparison of Early Results Between Endovascular or Conventional Repair of AAA”. Paper Presentation. Amsterdam, The Netherlands, August 26-30, 2000.
240. 2<sup>nd</sup> Mayo Endovascular Symposium. Advances and Controversies in the Multidisciplinary Management of Vascular Disease. “Symposium on Endovascular and Open Surgical Treatment of Aortic Aneurysms”, Moderator. “Aortic Endografts: The Challenges of the 21<sup>st</sup> Century”. Lecture. Rochester, Minnesota, USA., September 7-9, 2000.
241. XXVII Congreso Argentino de Cardiología. Sociedad Argentina de Cardiología. “Present and Future of the Aortic Cardiovascular Pathology”. Buenos Aires, Argentina, September 23-27, 2000.
242. 102° Congresso Societa Italiana Di Chirurgia. III Settimana Chirurgica Italiana. “Endovascular Treatment of Abdominal Aortic Aneurysms”, “Cerebral Protection”. Lectures. Rome, Italy, October 15-20, 2000.

243. TCT 2000 – Transcatheter Cardiovascular Therapeutics. “Carotid and Neurovascular Disease”. Event Moderator. Case Moderator. Live Case Panel Discussant. “The Evolution of Endoluminal Stent-Grafts to Treat AAA”. Lecture. How to Operator Workshop: Distal Embolic Protection Devices – Improving Safety and Expanding Clinical. Event Moderator. “Carotid Flow Reversal – An Alternative Distal Protection Approach”. Lecture. Hands-on Demonstration of Distal Protection Systems. Discussant. Washington DC, USA., October 18-22, 2000.
244. III Monografías Vasculares. Endovascular Surgery of the AAA. The Ideal Prosthesis for the Treatment of the AAA, Co-Moderator. “Characteristics of the Ideal Prosthesis”. Associated Techniques for the Fixation of the Endoprosthesis”. “Ten Years of Endovascular Surgery of the AAA”. Lecture. Barcelona, Spain, November 2-3, 2000.
245. 71° Congreso Argentino de Cirugía. “Endovascular Surgery”. Moderator. “New Devices for the treatment of AAA”. Lecture. “Advances in the repair of thoracic abdominal aneurysms”. Panelist. Buenos Aires, Argentina, November 6-10, 2000.
246. 27<sup>th</sup> Global Vascular Endovascular Issues Techniques Horizons. “ Endovascular Treatment of the Aortic Source of Peripheral and Visceral Embolization During Endografting for AAA: Ancillary Methods to Prevent Dislodgment of Thrombi During the Deployment of the Endograft.”. Lecture. “New Developments in Endovascular Grafting”. Co-moderator. “Are Endovascular Aneurysm Repairs Durable: Five-Year Follow-up Of Aortic Endografts”. Lecture. “New Developments and Issues with Endovascular Graft Treatment of Aortic and Aortoiliac Aneurysms”. Co-moderator. “How to Recover Emboli and Other Particles from the Middle Cerebral Artery: Will this be Valuable in Carotid Stenting and CEA”. Lecture. New York, USA, November 16-19, 2000.
247. Sociedad Argentina de Cardiología. Distrito Regional Conurbano Norte. Enfermedad Cerebrovascular Aguda. “Endoluminal treatment vs. conventional surgery in the carotid disease”. Lecture. San Isidro, Buenos Aires, November 30, 2000.
248. 10<sup>th</sup> Anniversary Meeting. International Endovascular Symposium 2000. IES 2000. “Live Case Demonstration from Argentina to Sydney of Carotid Stenting”. Sydney, Australia, December 7-9, 2000.
249. International Symposium on Endovascular Therapy – ISET. Panelist during a Live Case Demonstration. “A new approach to cerebral protection”, Lecture. “Ten-Year experience with endovascular therapy”, Lecture. Miami Beach, Florida, January 21-25, 2001.
250. 14<sup>th</sup> Annual International Congress on Endovascular Interventions. “How to recover emboli and other particles from the middle cerebral artery: Will this be valuable in carotid stenting and carotid endarterectomy?” Lecture. “Preservation of one iliac artery in endoluminal grafting for aneurysmal disease is essential: Option and Technique” Lecture. “Potential negative long-term consequences of successful aneurysm exclusion” Lecture. Scottsdale, Arizona. February 11-15, 2001.
251. MET 2001 – New Advances in Vascular and Non Vascular Interventions. “Aortic Aneurysms Session” Moderator. “Critical evaluation of 10 years of experience with

- endografts for AAA repair”, lecture. “Live Case Transmission of a Carotid Angioplasty” from the Villa Maria Cecilia Hospital in Cotignola. Parma, Italy, March 19-21, 2001.
252. 23<sup>rd</sup> Charring Cross International Symposium. Vascular and Endovascular Techniques. Chair of the Session on Highlights of commercially available stent graft systems for abdominal aortic aneurysm (cont’d). “Angioplasty & stent with reversal of internal carotid flow as a cerebral protection device”. Lecture. London, England, April 8-10, 2001.
253. Seminari Di Aggiornamento In Chirurgia. Realita e Prospettive. “The endovascular approach: supra-aortic trunk and aorta”. Lecture. Live case demonstrations in Cotignola and Verona. Verona, Italy, April 12, 2001.
254. Programa de actualización continuada de post grado en cardiología. Curso de actualización de Stroke. “Carotid occlusion: perspectives of the invasive treatment”, lecture. La Plata, Buenos Aires, Argentina, April 23, 2001.
255. American College of Surgeons. VII Congreso Latinoamericano – XLV Congreso Anual Capítulo Chileno. “Present state of the endovascular treatment of abdominal aortic aneurysms”, lecture. “Stent graft: occlusive aortoiliac disease”, lecture. “Endovascular surgery in trauma”, lecture. “Cerebro-vascular disease”, panelist. Santiago de Chile, Chile, May 6-10, 2001.
256. Actualization in Clinical Cardiology. “Vascular Disease”, lecture. Argentine Medical Association. Buenos Aires, Argentina, May 17, 2001.
257. EURO-PCR 2001. Live case demonstration from Hamburg. Paris, France, May 22-25, 2001.
258. SVS. 55<sup>th</sup> Annual Meeting. 2001 Joint Vascular Meeting. The Society for Vascular Surgery. “Reversal of flow in the internal carotid artery as a cerebral protection method in a stent assisted carotid angioplasty”, video presentation. Breakfast session. Baltimore, Maryland, June 10-13, 2001.
259. 8<sup>th</sup> International Workshop on Endovascular Surgery – AIWES. Session on “Choice of Device”, chairman. “The ideal endograft: One piece or multi-modular?”, lecture. Ajaccio, Corse, June 15-17, 2001.
260. GET 2001. Global Endovascular Therapy. International Endovascular Peripheral Course. “3 MD Concomitant coronary & Carotid/Subclavian/Vertebral Angioplasty”, live coordinator. “Luncheon Workshop, Peripheral Aneurysms”, Chairman. “GET Main Course on AAA”, Chairman. “GET Main Course on New Tools”, Speaker of clinical cases using the Arteria Device. “The fate of proximal neck at five years follow-up”, lecture. Monaco, June 17-21, 2001.
261. E2B2 – Endografts 2001 & Beyond. Endograft Failure: what do we know now and what should we do about it?. “Session on Designs & Materials” Chairman. “Endosutures and endostaples, are they viable and practical?” – Lecture. “Balloon expandable or self-expandable systems?” – Lecture. Kildare Club, Dublin, Ireland, July 18-21, 2001.

262. Workshop on Pre-Clinical Testing for Endovascular Grafts. Meetings with the Office of Device Evaluation Food and Drug Administration. "The physiologic, anatomic and morphologic environment of endovascular grafts used for repair of AAA, when implanted and over time". Gaithersburg, Maryland, July 30-August 1, 2001.
263. Workshop on Endovascular Treatment of abdominal aortic aneurysms. "Long term results of the original endograft", lecture. Hospital Español de La Plata, Argentina, August 9-11, 2001.
264. 25<sup>th</sup> World Congress of the International Society for Cardiovascular Surgery. The Matas Lecture: "Cerebral Protection Devices. Its Potential Use in Stroke Cases", Main Lecture. "Eleven Years of Endografts – what have we learned", Lecture. Cancun, Mexico, September 10-14, 2001.
265. Curso Pre Congreso del Instituto Cardiovascular de Buenos Aires. Workshop: Peripheral Vascular Disease. "Cardiovascular risk in peripheral vascular surgery". "Carotid disease: Current therapeutical indications". "Aneurysm and aortic dissections. When and how to treat them". Buenos Aires, Argentina, September 29, 2001.
266. XXVIII Congreso Argentino de Cardiología de la Sociedad Argentina de Cardiología. Controversy on the Treatment of AAA. "The percutaneous treatment is the alternative". Buenos Aires, Argentina, September 30 – October 3 de 2001.
267. 37° Coloquio Anual – La Argentina del Bicentenario – IDEA. "Medical Services". Mar del Plata, Argentina, November 7-9, 2001.
268. 72° Congreso Argentino de Cirugía. "Carotid and aortic disease, endoluminal treatment" Lecture. Paper presentation during the Session Angiology and Cardiovascular Surgery: "Mid and long term experience with the endoluminal treatment of the AAA. Experience of an endovascular Center", "Endovascular treatment of the carotid disease". Buenos Aires, Argentina, November 5-8, 2001.
269. II Congreso Latinoamericano de Cirugía Endovascular. CELA 2001. "Aortic endoprosthesis: Long term results". Lecture. "Strategies in the development of endovascular procedures in my country", Discussion. "Cerebral Protection Methods during carotid endovascular procedures", Lecture. Punta del Este, Uruguay, November 30-December 3, 2002.
270. The UCSF/Stanford Vascular Symposium 2002 – Celebrating 50 Years of Vascular Surgery in Northern California. "Modeling the Pressure Changes In AAA with Endoleaks". Lecture. "Fogarty Lecture. Endovascular Surgery: A Perspective". Lecture. San Francisco, California, April 4.6, 2002.
271. 24<sup>th</sup> Charing Cross International Symposium. Evidence for Vascular or Endovascular Reconstruction. "The main EVAR indication will be patients unfit for open repair". Debate: Proposer. London, England, April 8-9, 2002.
272. 20<sup>th</sup> World Congress of the International Union of Angiology. Plenary Session XXI, Aortic aneurysms and aortic dissections". Moderator. "The current state and future prospects of carotid stenting" Keynote lecture. "Endovascular Interventions:

- Endovascular repair of AAA: Past, Present, Future”, lecture. New York, USA., April 7-11, 2002.
273. Moderador: Actualitzacio del tractament endovascular dels AAA. Presentations: 1. Expectatives dels procediments endovasculars en el sector carotida. 2. La innovacio tecnologica medica. Presented at Tecnovasc Symposium, Andorra, Spain, December 11-13, 2003.
  274. Live Case Demonstrations. 1. Evolution and current status: Aortic stent grafting. 2. Endoleak detection.. Instructed during Endovascular Summit 2004 Live Demonstration Course, Newport Beach, CA, January 14-17, 2004.
  275. The role of protection devices in carotid stenting. Presented at 12<sup>th</sup> Annual Refresher Course & Update in General Surgery, Washington University School of Medicine, St. Louis, MO, February 26-28, 2004.
  276. Perspective of carotid stenting and mechanical revascularization of brain. Visiting Professor for Grand Rounds at the State University of New York, Stony Brook, New York, March 25, 2004.
  277. Steps along the process of translation: From concept to company. Presented at 2004 Joan L. and Julius H. Jacobson Research Initiatives in Vascular Disease Conference, Bethesda, Maryland, April 1-2, 2004.
  278. Mechanical revascularization of the brain and reversal of flow for the treatment of stroke. Presented at the 26<sup>th</sup> International Charing Cross Symposium, London, England, April 6, 2004.
  279. 1. Protection devices for carotid stenting. 2. Future directions. Presented at the 17<sup>th</sup> Annual Scientific Meeting of the Florida Vascular Society, Sarasota, Florida, April 22-25, 2004.
  280. 1. El futuro de la cirugía vascular abierta o endovascular. 2. Esta justificada la angioplastia: 3. En pacientes con estenosis. Presented at VI Congreso Internacional De La Sociedad Centro De Angiologia y Cirugia Vascular, Madrid, Spain, May 7-9, 2004.
  281. Moderator of two Sessions and presenter of three lectures: 1. New developments in endosuturing. 2. The Excluder graft. 3. Endovascular grafting and laparoscopic surgery for treatment of aortoiliac disease. International Endovascular Laparoscopic Congress, Quebec, Canada, May 20-22, 2004.
  282. Cerebral protection devices. Visiting Professor, Mount Sinai School of Medicine, New York, New York, May 19, 2004.
  283. Cerebral protection during carotid stenting using flow reversal. Presented at the 2004 Vascular Annual Meeting, Anaheim, California, June 5, 2004.
  284. Moderator: Postgraduate Course “Broadening Endovascular Horizons – The Next Generation”. 2004 Vascular Annual Meeting, Anaheim, California, June 2, 2004.

285. 1. Protecting the brain: Filter or balloon? 2. Endovascular repair of the abdominal aorta, from the pioneers to today's physicians. 3. Management of type 2 endoleaks: Case report. 4. Acute stroke management: Case report. Chairman and speaker at the MEET Congress, Cannes, France, June 11-13, 2004.
286. The Gore Excluder Endoprosthesis and endovascular AAA repair: Past, present and future. Aortic Symposium, W.L. Gore & Associates, Chicago, IL, August 1-3, 2004..
287. Honored Guest Lecturer: Flow reversal techniques. Presented at the Third Annual Endovascular and New Technologies Course, Omaha, Nebraska, September 9, 2004.
288. Minimally invasive vascular therapies: Less aggression to the patient with better results. Honored Guest Lecturer for the Midwestern Vascular Surgical Society meeting, Omaha, Nebraska, September 10-11, 2004.
289. Carotid arteriography and access for the vascular surgeon. Course Co-Chair, Washington University School of Medicine, St. Louis, MO, September 23-24, 2004.
290. 1. Technical tips for selective carotid artery catheterization. 2. Tools of the trade: Inventory for carotid work including rapid exchange. 3. Carotid artery access: Tips and pitfalls. 4. How to prepare for upcoming FDA approvals. Presented at Carotid Arteriography and Access for the Vascular Surgeon course, Washington University School of Medicine, St. Louis, MO, September 23-24, 2004.
291. Live Case Discussant: 1. Carotid and neurovascular intervention. 2. Aortic aneurysms and endografts. Moderator: Carotid intervention. Roundtable Discussant: 1. The basic approach-ghide v. sheath. 2. Optimal anticoagulation strategies. 3. Pre-dilatation – yes v. no. 4. The Nitinol or Wallstent. 5. Post-dilatation – yes v. no. Transcatheter Cardiovascular Therapeutics, Washington, DC, September 27-October 1, 2004.
292. Carotid artery disease: New treatment modalities. Visiting Professor, Grand Rounds, Christian Hospital Northeast, St. Louis, MO, October 22, 2004.
293. Carotid artery disease. Presented at Fall Panel of St. Louis Surgical Society meeting, St. Louis, MO, November 9, 2004.
294. Moderator: Progress in the treatment of thoracic and thoracoabdominal aneurysms: Update on thoracic endograft. Presentations: 1. Coronary angiography, PTCA and stenting in the operating room as a rescue procedure for acute catastrophic myocardial infarction during surgery. 2. What is the real truth about aortic neck enlargement after EVAR: Is it clinically important? Veith Symposium, Montefiore Medical Center, New York, NY, November 18-21, 2004.
295. The evidence for carotid stenting: What is established and what is not? Presented at The Vascular Surgical Society of Great Britain & Ireland, United Kingdom, November 23-26, 2004.
296. Cerebral protection and carotid stent. Presented at 29<sup>th</sup> annual Northwestern Vascular Symposium, Chicago, Illinois, December 9-11, 2004.

297. Live Case Demonstrations, Panelist. Presentations: 1. Embolic protection. 2. Interactive cases. 3. Retroflow stroke therapy. 4. Flow reversal principles and techniques. 5. Methods to facilitate endovascular therapy. International Symposium on Endovascular Therapy, Miami, FL, January 15-20, 2005.
